

AN EARTHQUAKE AT VALPARAISO

Most Important City on Western Coast
of South America is Visited
by Disaster

Shock Recorded in Washington on Government's
Instruments

Information Still Meagre—Several Shocks Followed by
Conflagration But Extent of Damage Not Yet
Known—Same City Has Suffered Before.

NEW YORK, Aug. 17.—Only meager details of what seems to have been a terrible earthquake disaster in Chili have been received up to this afternoon. Cable dispatches say the city of Valparaiso suffered from several shocks, that many buildings were wrecked and nearly all were damaged. A conflagration and panic followed and there was much loss of life.

Late reports today say the loss of life will run up into the hundreds. Refugees returned to Valparaiso and communication was partly restored and it is believed the worst is over. Since then no news has come except fragments which stated that the fires are still burning and hundreds of residents are believed to be buried in the ruins of the wrecked buildings. It is known that inland communication in Chili is gone and it is believed that the capital, Santiago and other cities and towns in the interior have suffered even worse than Valparaiso.

The earthquake shock was felt in Argentina and other South American countries. Nothing has been heard from the United States minister or American consul at Chili and the Chilean representatives here and in Washington have not been informed of the disaster or its extent. This is deemed significant and has led to fears that the disaster is greater than the meager cable reports have so far indicated.

New York, Aug. 17.—Advices from Valparaiso, Chili, this morning report a terrific earthquake last night. Buildings were wrecked. Fire broke out through the city. It is feared there have been many casualties.

A dispatch from Valparaiso today says cable lines are working as far as the cable building on the seashore outside of Valparaiso. All land lines to the interior of Chili are down. The operator says that the disaster is probably a repetition of the San Francisco calamity.

The Mexican Cable company received information last night of the interruption of the service along the west coast of South America by earthquakes in the neighborhood of Iquique, Chili. No details, however, were given.

Advices received from Buenos Ayres via London, also stated a terrible earthquake was felt in Cordillera de Los Andes, lasting five seconds. Communication between Chili and Argentina was reported to be completely interrupted.

Kingston, Island of St. Vincent, also was affected by an earthquake Tuesday night, according to the dispatches from that point. Shocks were felt also in the island of St. Lucia during the night of August 2. In all 51 distinct shocks were felt.

Information up to noon today regarding the earthquake at Valparaiso is still meagre. It occurred at 7:40 last night and there were several severe shocks, followed by a conflagration. How far the fire extended or how much damage resulted has not yet been learned. The cable operators who left the office in the city last night and repaired to the cable station have this morning re-established their headquarters at the main office at Valparaiso. This is construed as meaning that the city has not been ruined and as indicating that the danger is now over.

WELL FORTIFIED CITY.

Valparaiso is the chief commercial and manufacturing city of Chili, and the most important seaport on the Pacific coast of South America. Its population is about 150,000.

Valparaiso is a fortified seaport. It is situated on a large bay in the Pacific ocean, 75 miles northwest of Santiago.

An amphitheater of heights rising nearly 1700 feet ascends from the bay and a considerable portion of the city is built on these heights.

The older and business portion of the city extends along the shore of the bay, while on the slope of the surrounding hills are the finer residence suburbs. The port is strongly fortified and the government maintains here a large naval arsenal. Valparaiso exports grain, wool,

leather, guano, saltpeter and copper. Valparaiso was bombarded by a Spanish fleet in 1866. During the Civil war of 1891 it was taken and sacked.

Earthquakes are of common occurrence in Chili, especially in the central and northern regions. Valparaiso itself has been a severe sufferer from such disturbances. In 1850 the city of La Concepcion was destroyed with a loss of 2,000 lives. In 1864 Santiago, the capital, was overwhelmed and 1,000 lives were lost. The terrible earthquake of 1730 wiped out Valparaiso, La Senena, La Concepcion and Coquimbo and every town and village on the coast between La Concepcion and Coquimbo.

In 1830 La Concepcion was again ruined and five other cities were leveled to the ground. Other serious seismic disturbances occurred in 1837, 1851 and 1871.

Valparaiso itself was the scene of earthquakes in 1822, 1829 and 1851.

NORTH AMERICA SHAKEN.

Washington, Aug. 17.—The North American continent was shaken last night by the earthquake which is reported to have wrought great destruction on the west coast of South America. The seismograph at the weather bureau here gives a clear record of the earth's tremors. The instrument shows that at 7:40 last evening the earth swayed a quarter of an inch. The quake began at 7:20 and continued four hours. Officials of the weather bureau were examining the record of the seismograph this morning when informed by the Scripps-McRae Press Association of news from Valparaiso. It was their first intimation of the location of the quake's greatest force. The records of the shock here indicate that the disaster at Valparaiso must have been severe.

In the case of the San Francisco and India earthquakes the instrument was jarred to such an extent that the recording pen jumped clear of the sheet. In this instance the tremor was not so great.

LAY IN WAIT FOR TROOPS AT BROWNSVILLE

RACE FEELING IN TEXAS TOWN
IS RUNNING VERY HIGH AT
PRESENT.

TROOPS KEPT IN QUARTERS

State Guard in Camp Anxious to Get
a Crack at Colored Regular
Soldiers.

Fort Worth, Texas, Aug. 17.—(Bulletin.)—State Rangers have been sent to Brownsville to preserve peace. Four hundred white men are armed with Winchester rifles and are only waiting for the negro troops to show themselves. A direct appeal has been made to President Roosevelt by citizens to remove negro troops. Conditions are so strained that the negroes are not allowed to emerge from the barracks.

Brownsville, Tex., Aug. 17.—Since the recent raid by negro soldiers from Fort Brown race feeling here is running high.

Further trouble is expected with the negro troops. A citizens' guard of 150 men is stationed along the road between this city and Fort Brown, and if the negro soldiers attempt to leave the garrison it is the avowed purpose of the citizens to shoot them down. There were 400 Winchester rifles sold to citizens. The report that officers of the garrison are afraid of the negro troops determined the citizens to take no chance. Many people are leaving their homes on the side of the city near Fort Brown. An additional appeal was made to Governor Lanham to send state troops. Business is entirely suspended here.

It is reported the Texas National Guard troops attending the maneuvers at Camp Mabry are clamoring to be sent to Brownsville. Sensational rumors inflamed the militiamen. It is now believed the negro raiders committed the recent acts in Brownsville in retaliation for the reported intention of Texas militiamen to use ball cartridges in the event the United States permitted the negro troops to participate in the Camp Mabry maneuvers. Adjutant General Hullin considers it unwise to send state troops here.

The committee sent a most urgent message to President Roosevelt, Senators Bailey and Governor Lanham, detailing the outrage and stating that after two days' diligent inquiries it has been found that no blame attaches to the citizens, and asking that the negroes be replaced by white troops. The message states that threats have been made by the soldiers that they will break out again and burn the town, and it is feared the five commissioned officers can not control the men. The governor and senators are implored to do all they can to secure the removal of the negro troops.

It is said the government investigation will result in a court martial for one or more officers.

Rangers Ordered Out.

Austin, Tex., Aug. 17.—According to a telegram received by Governor Lanham from the authorities at Brownsville, conditions there are anything but reassuring. While all is quiet, it is reported that there is an armed body of men expected from the city proper to attack the barracks, and it is believed if any negro soldiers show themselves there is danger of immediate and serious trouble. While the governor will not make public the substance of his telegram and will not make an official statement concerning conditions there, it is learned that by agreement with the federal authorities he sent a Ranger force to Brownsville to preserve order. The sentiment is so strained that it is feared trouble will be renewed if any of the negro soldiers come out of the barracks.

WAR DEPARTMENT

Receives Special Report About the
Hostilities at Ft. Brown.

Washington, Aug. 17.—Major Penrose of the Twenty-fifth Infantry, colored troops, at Fort Brown, sent the war department the following report on the trouble there:

"A shooting occurred in Brownsville about 12:10 a. m. Aug. 14 in which one civilian was killed and the chief of police wounded in right arm, which had to be amputated. Believe shooting was done by enlisted men of this post, but have not been able to detect the guilty party. Am conducting most thorough investigation possible and working in perfect harmony with citizens' committee and mayor of Brownsville. Guard of one-third of garrison, one company constantly on duty; all enlisted men confined to post and no one allowed to enter but mayor, members of citizens' committee and those having official business. Conditions well in hand by both mayor and myself. No trouble

RIOTING OVER EXTRA NICKELS.

Police Officials Receiving Instructions from Inspector Cross.

New York, Aug. 17.—Clashes between police officials following charges that many policemen favored the Brooklyn Transit company and stood idly by while men and women were attacked by inspectors, marked the third day of the company's effort to collect a double fare from passengers bound to and from Coney Island. Hundreds of passengers were pulled from cars and many were severely beaten; women and children were dragged from the seats, and fights occurred on every motor train which left Coney Island after six o'clock.

Cars were wrecked by passengers

who were sent to the Gravesend race-track and inspectors were threatened and attacked by many who had already paid extra fares and were unable to reach their destination. Force inspectors were arrested and dozens of passengers who had taken part in fights were hauled off to police stations.

There was rioting all along the Culver line from Kings Highway to Coney Island at midnight and the police were powerless to check it. No attempt was made except in a few instances to stop the fighting, between inspectors and passengers, and no

protection whatever was afforded by the police to women and children.

Throughout the day open charges were made that the police were partial to the railroad company and aided rather than checked the inspectors in their raids on passengers for the extra fare. Appeals were made in numberless instances to the police to protect passengers from the inspectors, who swarmed into every car and knocked stubborn persons in all directions, but the police protested that their duty was merely to arrest for assault and not for attempts to force passengers to pay the extra fare.

NEW LAW IN JERSEY IS AIMED AT CORPORATIONS

Trenton, N. J., Aug. 17.—Of great interest to the corporations is the Barber act just signed by Governor Stokes to prevent over-capitalization of corporations having public franchises. Under the act it is now illegal in New Jersey to issue stock or bonds in corporations having public franchises unless the stock or bonds are paid for in cash to be turned into the treasury of the corporation for its uses. The act is the result of agitation in which it was publicly charged that trolley lines, gas companies and electric concerns and subsidiary companies of public service corporations were heavily burdened with watered stock. There is a perjury clause in the new law that any stock or bonds or other obligations issued not in accordance with the provisions will be illegally issued, and any officer making false affidavits in such matters will be guilty of perjury and punished accordingly.

She was twice tried by the District of Columbia jury board, both trials resulting in acquittals. Judge Bernard of the District of Columbia supreme court, ordered her release on condition that she be removed from this jurisdiction.

Chicago, Aug. 17.—Another clew to the whereabouts of ex-President Stensland, of the Milwaukee Avenue State bank, was obtained by the police department when a dispatch was received from Mobile, Ala., that a man who knew Stensland had located him in that city. Instructions were wired at once to make a search for the missing banker, which was done by the Mobile police who this morning reported failure, the alleged fugitive having left the public place where he was supposed to have been stopping. Chief of Police Collins today said he believed the Mobile clew was a promising one, because Mobile was a port for South American countries.

According to the chief, a continued hunt for Stensland will be made in Mobile, New Orleans and other nearby cities.

GEN. R. B. BROWN NEW COMMANDER

LEADER OF GRAND ARMY OF THE REPUBLIC IS EDITOR OF ZANESVILLE COURIER.

Is State Commander and Gave Corporal Tanner a Hard Fight a Year Ago.

Zanesville, Aug. 17.—General R. B. Brown, new commander in chief of the G. A. R., has a political as well as a war record and in politics, as in war, he is always facing the enemy. He is editor and manager of the Zanesville Courier, is a Republican, a Presbyterian church deacon. It is his soldier record of which General Brown is proud. He served four years in the war, enlisting in 1861 as a member of Company A, Fifteenth O. V. I. He was mustered out in 1864. General Brown was severely wounded before Atlanta and prior to being mustered out was presented with a medal of honor for distinguished service. His title of general has come to him since the war. He is also commander of the Ohio G. A. R., having been elected at the recent state encampment at Dayton, and at this last state encampment he was endorsed for commander in chief. At

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes the unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both free by mail. Address Dr. Kilmer & Co. Binghamton, N. Y. ALL FOR BROWN AT THE FINISH

Election of the Ohio Man Was Typical Peace Victory.

OPPONENTS DROPPED OUT

Zanesville Editor Honored by Being Placed at the Head of the Great Organization of Civil War Veterans. Brief Statement of Military Record. U. V. U. and W. R. C. Elections.

Minneapolis, Minn., Aug. 17.—After spirited rivalry since the opening of the G. A. R. encampment the election of officers for the ensuing year was turned into a great "peace victory" of mutual fellowship and good will. The following were elected:

Commander-in-chief, R. B. Brown of Zanesville, O.; for senior vice commander, William H. Armstrong of Indianapolis; for junior vice commander, E. B. Fenton of Detroit; for chaplain-in-chief, Archbishop John Ireland of St. Paul; for surgeon general, W. H. Johnson of Lincoln, Neb. All other officers are staff appointments which will be announced by the new commander-in-chief in due time.

The strongest opponents of General Brown for commander-in-chief were C. G. Burton of Missouri and Captain P. H. Coney of Kansas. Both of these withdrew when it was seen that the election of Brown was a certainty. The friends of Brown declared there was no possibility of beating their man, inasmuch as he had the promise of support from the four strongest delegations at the convention—Illinois, Ohio, Pennsylvania and New York. The followers of Burton and Coney refused to accept the situation as outlined by the Brown adherents, but when the convention came to elect the commander-in-chief it was seen that the election of Brown could not be prevented, and so both men declined the nomination and asked their friends to vote for Brown, who was chosen by acclamation. Several candidates were nominated for senior and junior vice commanders, but at the last instant all withdrew and Armstrong and Fenton were chosen unanimously. Archbishop Ireland had no rivals for chaplain-in-chief.

After the elections the place of holding the next encampment was taken up, and the New York delegation presented Saratoga. An adjournment was taken before a vote was reached, and other cities that desire the encampment will present their claims today.

U. V. U. Election.
St. Paul, Minn., Aug. 17.—At the annual election of the Union Veterans' union Commander-in-Chief Richard L. Gorman was re-elected by unanimous vote. The other officers elected were: First deputy commander-in-chief, Major General George W. Wentworth of Haverhill, Mass.; surgeon general, R. A. Stevenson of Manchester, O.; chaplain-in-chief, General Peter Dickson of Defiance, O.; adjutant general, General H. C. Ferguson of St. Paul; quartermaster general, General Cassius M. Rose of St. Paul. The executive committee will select the place for the next convention.

W. R. C. Election.
Minneapolis, Minn., Aug. 17.—Mrs. Carrie Sparkling of St. Louis was elected national president of the Woman's Relief Corps. Her principal rival was Mrs. Kate Jones of New York. Mrs. Sparkling has previously held a number of high offices in the organization.

COSHOCOTON NEWS

No Labor Day Program There This Year—Knights Templar Want Separate Commandery.

Coshocton, Aug. 17.—There will be no formal Labor Day celebration in Coshocton this year. This decision was attained at the session of the Trades Council after the special committee had reported an attitude of indifference manifested on all sides.

A delegation of Coshocton Knights Templar, consisting of L. E. Baughman, J. K. Wood and E. S. Lee, went to Cambridge to interview the commanders of that city and obtain a recommendation that a local organization may be founded here.

The Coshocton men were entertained hospitably, but could be given no definite answer as their lodge will not meet until Sept. 19. There is little doubt but that they will extend this courtesy to the local lodgesmen.

RAILWAY AFFAIRS OF ALL SORTS

STREET CAR SYSTEMS HELD BY STEAM ROAD TURNED OVER TO SYNDICATE.

Col. Wilder's Successor, J. I. Montgomery, of Defiance—Local and General News.

Boston, Aug. 17.—Streetcar systems valued at many millions, held by the New York, New Haven & Hartford Railroad company, are being turned over to a syndicate, and the railroad company will divest itself of practically all its streetcar property in southern New England. The transfer, which follows closely on the announced intention of the Massachusetts Street Railway corporation, has been made to an association known as the New England Security Investment company. For three years the New York, New Haven & Hartford Railway company acquired street railways in Massachusetts, and recently the holdings of the company reached such proportions that the matter was made the subject of a special message by Governor Guild to the legislature. Attorney General Dana Malone set about preparing a case which would eventually receive a ruling from the Massachusetts supreme court. While this case was being prepared he asked for certain information from President Mellen through Chairman Jackson of the state railroad commission. This information was transmitted to the attorney general and almost simultaneously the news of the deal leaked out.

Wilder's Successor.
J. I. Montgomery, freight and ticket agent of the B. & O. railroad at Defiance, is to be the new city passenger agent of the B. & O. and the B. & O. S. W. in Columbus, succeeding Colonel D. S. Wilder, whose resignation took effect August 1, according to a report coming from Cincinnati.

SHORT SHRIFT FOR CULPRIT

Negro Lynched While the Governor Pleaded to Save Him.

LITERALLY SHOT TO PIECES

Mob Listened to the Governor's Appeal, Responded With a Cheer, Then Went Ahead With Its Work. Negro Assaulted White Woman and Outraged Colored Girl.

Columbia, S. C., Aug. 17.—Within the shadow of the home of his victim, Miss Jennie Brooks, after having been identified by her and after Governor Haywood addressed the mob in vain, Bob Davis, the negro who murderously attacked Miss Brooks Aug. 13 with intent to commit assault, and who afterwards outraged a negro girl 14 years old, was lynched at Greenwood, Thursday night.

Governor Haywood reached the scene shortly after the negro was captured. A platform was erected in a fence corner on the premises of the victim's father, from which platform Governor Haywood addressed the mob in an effort to prevent the lynching. The governor beseeched the mob not to lynch Davis. At the conclusion of his speech the governor was vociferously cheered. The mob then removed the prisoner from the view of the governor and within a short distance of the home of his victim the negro was riddled with bullets.

The militia in that section of the state is encamped at Chickamauga, and there were no nearby troops to be called on. The governor's guards and the Richland volunteers of this city were ordered to hold themselves in readiness in the event their services were needed, but the mob was determined.

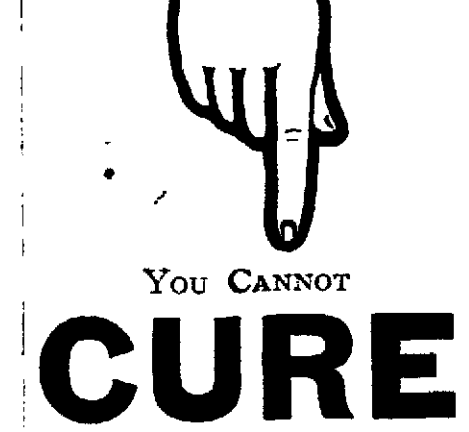

It is impossible to estimate the crowd, as citizens from several counties gathered at the scene and for two days were in pursuit of the negro, but it is certain that hundreds of bullets were sent through his body.

The assault by Davis on Miss Brooks was made in her father's store, where she was temporarily in charge. After making some purchases the negro grasped a meat knife, shouting "You're what I want!" and swung toward the girl. Miss Brooks attempted to defend herself with an iron bar, but the negro slashed her across the throat, making a gash four inches long, and almost severed two of her fingers. Afterward he went three miles to another farm and outraged a 14-year-old colored girl.

MODERATOR FOR PAST 37 YEARS

HON. J. B. JONES OF NEWARK HAS BEEN RE-ELECTED TO THIS OFFICE.

Friday's Program at Baptist Church Carried Out as Published—Closing Services Friday.

The election of Moderator, clerk and treasurer of the Scoto Baptist Association which is in session at the Fifth Street Baptist church took place Thursday night and resulted in favor of Hon. J. B. Jones of this city for the first named office, Rev. A. K. McCall of Licking church, Hebron, for the office of clerk, while J. L. Lemley of the Kinkersville church, was selected treasurer for the ensuing year. Mr. Jones has held the office of moderator of the association since 1869.

Friday's program was carried out as published in the Advocate of Thursday. The feature of the session so far was the brilliant sermon by Pastor Joseph O. Bennett of the Fifth Street church upon the subject of Missions, delivered Thursday evening. The sermon was delivered in the usual eloquent style of Pastor Bennett and was much appreciated.

The afternoon session Friday was opened at 1:30 with a prayer service, followed by a strong talk by C. W. Swygart upon the subject, "The Importance of a Financial System in the Churches."

The closing session will begin at promptly 7:30 this evening with a half hour song service by the choir which is one of the largest in the city. Especially fine music has been the feature of the meetings of the association here this year. The choir is under the able direction of Prof. W. W. Flora. The closing sermon will be delivered by the Rev. Byron Caldwell.

A large number of delegates were registered late Friday afternoon and more are expected up until the close of the last session, this evening. The ladies of the church are furnishing meals to the visitors in the spacious Sunday school room which has been fitted with a number of tables, the meals being prepared in the kitchen in the rear of the church.

The association has fixed upon Ebenezer, O., as the place for the next meeting which will be held at the Ebenezer Baptist church on Friday and Saturday, August 17 and 18, 1907. The introductory address will be delivered by the Rev. D. C. Kite of Johnston, and the Missionary sermon by the Rev. A. K. McCall of Hebron.

COMPLAINT FILED AGAINST COMPANY

Street Car Company Charged With Violation of Franchise in Newark in Operation of Cars.

An East Newark man appeared at Chief Sheridan's office in the city prison Friday and filed a complaint against the interurban railroad company charging it with violation of the city franchise under which it is operating the road. The man stated that last Saturday he tried to board a car at Morris street and it whizzed past him like a shot.

He finally got the car a block further up the street, and proceeded to call the conductor. The collector of fares told the gentleman that he was working under instructions from Manager Gibbs and that the manager had given him orders not to stop the cars at Morris street. The manager claims that one stop is enough and that it will be made at the railroad. The franchise provides that the stops shall be made at each cross street, and this was violated by the motorman or the conductor.

Yesterday, it is said, the company violated a state law which makes it necessary for the conductor to leave the car at railroad crossings to flag the car. In the case in question the company had a man stationed at the crossing all day to do duty as flagman for the cars and the conductors did not leave their platforms.

YOUNG MEN MET AT NEWARK GIRL'S HOME

Free For All Fight Followed and One of the Fellows Was Very Badly Used Up.

A disgraceful fight between two well known Newark men took place on East Church street Thursday evening about 8 o'clock. It seems that one of the men has been basking in the smiles and love of a fair charmer who makes her home in Church street, and imagined that he was the whole thing. The illusion was dissipated on Thursday when the man got a tip from a friend that his charmer was wasting some of her affection on another man. He then proceeded to the vicinity of the girl's home and lay in wait for the man who had the nerve to make love to his best girl. The parties met near the door of the fair one's home about 8 o'clock, and a free-for-all fight ensued, in which the intruder was most incalculably driven from the field of battle.

POLICE CALLED TO THORP HOME

Woman Who Was Attacked by Man at Gate Recently, is Again in the Limelight.

Mrs. Frank Thorp, who claimed to have been attacked at her gate a week or more ago by an unknown man, again steps into the limelight. This time it is because she claims her husband ill-treated her at her home Thursday night. Thorp claims that his wife has been receiving the attentions of others and stated to the police that he went home several days ago and found her reading a letter which she refused to let him see. She tore the letter into bits, and he put them together again and found that it was not from her cousin. Thorp, it is claimed, went home on Thursday night rather under the influence and proceeded to make things interesting for Mrs. Thorp and the police were called in and the husband was taken to the police station.

DROPPED HIS HAT

And Whenirate Husband Picked It Up He Was Delighted to Read Owner's Name.

A young man living on North Fourth street is advising his friends against the practice of putting their names and addresses in their hats. This practice which has been followed by the man in question brought grief aplenty to him Thursday night.

This young man, unwisely, was showing attention to a young married woman in East Newark. At least the husband of the woman says he has evidence to that effect. The husband has been suspicious and he decided to go home unexpectedly to see what evidence he could gather.

He got the evidence. Seated close, very close together, on a divan in the pretty parlor, were the couple. As the husband put in his appearance there was much haste on the part of the visitor in making his exit.

The husband regretted that the caller forgot his "sky piece," and looked at it for marks of ownership. To his surprise and joy he found the man's full name and street address. The hat was returned to the owner Friday with a selection of words of the variety which Uncle Sam forbids in the mails.

In German East Africa the natives who can indulge in the luxury of drinking soda water take it directly from the bottle instead of pouring it into a glass. The government has forbidden this practice, on pain of severe punishment, lest white men may happen to get the same bottles refilled.

MARRIED ONLY FOUR MONTHS AGO

ERNEST BRATTON BEGINS SUIT IN PROBATE COURT FOR DIVORCE.

Verdict in Gambling Case for Defendant—Edin Bound Over—Must Pay Alimony.

Ernest Bratton has commenced suit in the Probate court for divorce from Jessie Bratton. They were married in Newark, April 19, 1906. Plaintiff says that his wife left him May 29 and pretended that she was going to Piqua, O., on a visit, and led him to believe that she would be gone but a short time. He says that she did not return when she agreed to and as he did not understand the reason for her long stay he went to Piqua, where he found she had been living with infidelity. He charges her with immorality. J. F. McDonald, attorney.

Edin Bound Over. In the case of State against Edward Edin, arrested on a peace warrant, the defendant waived examination in Justice Lake's court and was bound over to Probate in the sum of \$50.

Verdict for Defense. In the case of Joseph Franklin against Thomas Wharton and Taylor Brothers, proprietors of the Union Cafe, to recover \$110 alleged to have been lost at gambling, and \$100 exemplary damages, tried in Justice Lake's court the jury returned a verdict in favor of the defendant.

Must Pay \$50. A hearing was had in the Probate in the case of Allen T. Peckham against Faye Peckham on the application of the defendant for alimony. The court ordered the plaintiff to pay \$50.

Company Files Demurrer. In the case of John H. Meanor vs. the Pittsburg, Cincinnati & St. Louis Railway Company, the defendant, by its counsel, has filed a demurrer to the petition of the plaintiff on the grounds that the petition does not state facts sufficient to constitute a cause of action against the defendant. Dunbar & Sweeney and Smythe & Smythe, attorneys for defendant.

Defendant Files Answer. In the case of Hannah C. Weaver vs. Melissa J. Rocky, the defendant has filed her answer. She says she is the widow of William Rocky, deceased, and is entitled to dower in the premises of which he died seized, and which consist of certain lots in Pataskala; that the plaintiffs are the owners, by descent from William Rocky, of the real estate, subject to the dower of defendant, in the proportions of one-eighth each. Defendant says that the plaintiffs, nor any one of them are not entitled to have partition of the premises because Melissa J. Rocky, as the widow of William Rocky, is entitled under the laws of Ohio to reside in the mansion of decedent, which for many years has been her only place of residence. Defendant says that it is not true that the personal estate and assets of decedent are sufficient to pay the debts of decedent, and the charges now existing against the same, but that a large sum of money will be required out of the real estate by the administrator to pay the deficit. Defendant asks that the petition of plaintiffs be dismissed at their costs and for all other relief. John M. Swartz, a attorney.

Smyser is the Issue Dodger and Not Ashbrook.

The Hon. M. L. Smyser, according to the American-Tribune, professes to be anxious to know where the Democratic candidate for Congress, Mr. Ashbrook, stands upon the tariff question.

The Hon. M. L. Smyser need not be exercised or mystified on this matter, for the Democratic Congressional Convention which met at New Philadelphia and nominated Mr. Ashbrook adopted a platform on which he stands. That platform very specifically and definitely favors "revision of tariff schedules of articles manufactured and controlled by trusts that sell their products to foreigners at lower prices than they charge American consumers."

This simply opposes continuation of the graft of trusts, and tariff schedules are by no means in issue in this campaign, except in the matter of perpetuating the power and control of trusts and corporations.

The real vital issue of this campaign for the election of Congressmen, as the Advocate has repeatedly stated in recent issues, is the refusal of the Republicans to pass the bill before Congress prohibiting trusts and corporations from contributing political campaign funds.

This issue was completely dodged by the Hon. M. L. Smyser in his vehement speech accepting the Republican nomination.

Everybody knows that the trusts have maintained their political control by the large sums of money they have contributed to the Republican campaign funds. The scandals and disgraceful exposures of the extent of this abuse that have come to light during the past year have aroused wide spread indignation among all classes. For this reason the great demand for reform in the last Congress centered in the bill prohibiting campaign contributions by corporations. It was deemed so important and necessary that President Roosevelt urged its passage in two messages.

But the bill did not pass because the Republican Congressmen would not permit it to be done. The failure to prohibit this means by which corpora-

tions and trusts control elections and maintain their power is therefore THE ISSUE of this campaign for the election of Congressmen, and the Hon. M. L. Smyser dodged it.

Mr. Smyser is the issue dodger, and not Mr. Ashbrook.

The Dick Gang.

The treasurer of Summit county, who resigned a few days ago and who short a good many thousands and had considerable stuff left in pawn and in some instances nothing more than a memory of the money loaned, appears to have been a pretty easy "uncle" to a good many Akron fellows. It is recorded in events in financial circles that it is an easy matter for some fellows over there to get men in charge to open money vaults and invite them to help themselves.—Youngstown Vindicator.

Few cities and few counties in the state would put up with the conditions that have prevailed for many years in Summit county and Akron city. The Republican majority has been so large in Summit county that the bosses could do about as they pleased.

The Dick clique started a bank a few years ago that was the political headquarters of the gang and the people's money was loaned very carelessly to the needy politicians. Naturally the bank failed, impoverishing hundreds of good citizens. The Dick clique couldn't start another bank right away, but it appears not to have suffered for the want of money. The county treasurer was a member of the gang and he evidently came to the rescue by lending the public funds to his friends. Naturally his friends left him to hold the sack. What scheme will the Summit county gang invent next to supply the "needful"?—Mansfield Shield.

PROSECUTOR GLENN

Who Presided at Congressional Convention Here Wednesday Wants to be a Judge.

James Glenn, who presided at the congressional convention in Music Hall here on Wednesday, wants to be a judge. Mr. Glenn is the man who prosecuted Ben Dickerson for murder and convicted him in Coshocton county. Jos L. McDowell who was Mr. Glenn's assistant in the famous trial is the Democratic nominee for prosecutor in Coshocton county and Glenn will not run for a second term as prosecutor.

Mr. Glenn, who is a Republican, will try for the Common Pleas judgeship in the strongly Democratic district composed of Coshocton, Holmes and Wayne counties. He will be pitted against Sam Nicholas, also of Coshocton.

Memories of Garibaldi are recalled by the death of Sic Vito Riccobono at London. He was in his eighty-fourth year and played an important part in the revolution of 1848. At the campaign under Garibaldi in more recent years he was associated with General Garibaldi and many other theatres as an operative singer.

POLITICAL TIPS

Omaha, Neb., Aug. 17.—The committee appointed to prepare a platform to be submitted to the Republican state convention completed a platform which declares "unalterable allegiance to the principle of protection and approves the efforts of the national administration to insure justice for the people against trusts." The platform favors the election of United States senators by direct vote of the people; opposes domination by corporations in public affairs and urges enactment by the next legislature of an anti-pass law that will prevent the issuance of any free passes, free ticket, free transportation or transportation known as newspaper or editorial mileage except to bona fide employees of a railroad company and to members of their immediate families and caretakers of live stock. An employer's liability bill is favored.

Cannon Boomed For President.

Danville, Ill., Aug. 17.—The convention of the Eighteenth Illinois congressional district nominated Joseph C. Cannon for the eighteenth consecutive time, being the seventeenth nomination by acclamation. There was the greatest enthusiasm, especially over the declaration favoring the candidacy of Cannon for president. Mr. Cannon did not intend to launch a boom for president at this convention, but the pressure of his supporters in his own district will likely urge the state convention to make similar endorsement. There seems to be little doubt that this will be done.

Bay State Rivals.

Boston, Aug. 17.—District Attorney John M. Moran issued a statement in regard to his candidacy for the governorship of Massachusetts, in which he expresses his willingness to have his claims for the Democratic nomination and those of Henry M. Whitney submitted to William J. Bryan, to the three strongest and three weakest Democratic cities in Massachusetts outside of Boston or the three weakest Democratic wards in Boston. Whitney declined to accept this proposition, and announced positively that he had decided to become a candidate for the nomination.

Hughes For Governor.

New York, Aug. 17.—There is a report that friends of B. B. Odell, chairman of the Republican state committee, sent notice to friends of President Roosevelt that they are in favor of the nomination of Charles E. Hughes for governor on the Republican ticket. It is also said Odell's friends will consent to his retirement as state chairman provided his successor is not an anti-Odell man.

Campbell Nominated.

Dallas, Tex., Aug. 17.—Thomas H. Campbell, a native of Rusk, Tex., the place of the nativity of the late Governor Hogg, was nominated by the Democratic party as its candidate for governor of Texas. He will be the second native governor of Texas. Campbell is a lawyer, but for several years was general manager of the International & Northern railway.

Nebraska Fusion.

Lincoln, Neb., Aug. 17.—A fusion agreement with the Populists was made by the Democrats in which the Populists endorsed Shallenberger for governor and other candidates nominated by the Democrats, the Populists naming candidates for auditor, superintendent of public instruction and railroad commissioners.

Bryan in Spain.

Madrid, Aug. 17.—When he arrived here William J. Bryan was received by the vice consul, Maddin Summers, in the absence of the minister, William M. Collier. Mr. Bryan left Madrid for Cordova, from which place he will go to Grenada and Gibraltar.

"Lions are reported to have been very troublesome of late in the Mashonaland," says South Africa. "A group of eight have been wandering around the Mazoe valley, killing mules and cattle. Three of them have been shot, but one of them charged a young farmer named Martini, who was brought into the hospital badly wounded. Tetanus supervened, and he died the following morning."

CHARLES WEAVER'S BIG WHEAT CROP

TEN ACRE FIELD AVERAGED 42 BUSHELS OF GRAIN NEAR TOWN OF UTICA.

Mrs. Lucinda Pound's Injury—David Larue Hurt—Weaver Family Reunion on Sept. 1.

Utica, O., Aug. 17.—Chas. Weaver is showing that he can raise something besides strawberries and chestnuts, and probably he has made a record for the county for a wheat yield. Last Friday from ten acres he threshed 420 bushels of wheat, an average of 42 bushels per acre. It was grown on a western slope, where clover was plowed under last fall and 200 pounds of acid phosphate was sown per acre. Taking the kind of land into consideration, where can the yield be beaten? His crop of 21 acres average 32 bushels per acre.

Seven couples of young people spent Sunday at Rain Rock. They were Ernest George and Miss Gertie Marlowe, Norman Shaw and Miss Grace Clark, D. Harrison and Miss Jennie Ogle, Ralph Kempton and Miss Louise Nutter, Wayne Dennison and Miss Klea Kempton, John Proach and Miss Mary Bricker, Louis Selbach and Miss Bernice Clutter. It is said that Louis had a thrilling escape from a farmer who threatened him with a gun for trespass.

Mrs. Lucinda Pound, well known in the eastern part of this township, was at the home of her nephew, John Wilson, north of Newark last week, when a chair she was sitting in edged off the porch. She was thrown to the ground and one shoulder was dislocated. Mrs. Pound had her other arm broken years ago, from which she never fully recovered. She is being cared for at the home of her daughter, Mrs. Barney Harris of Wilkin.

The annual reunion of the Weaver family will be held at home of Addison Weaver, east of St. Louisville, on Saturday, September 1. Everybody is invited to come and bring a basket.

Rex Sperry returned from Wyoming Monday night. A land claim fell to his lot in the drawing, but there are 6000 odd numbers ahead of him, and he does not consider what he can get to be worth filing on. The land is not superior and irrigation is imperative.

David Larue, who lives between Utica and Homer, got one of his hands caught in a hay pulley one day last week. Dr. Yoakam who dressed his injuries states that the end were torn off two of his fingers and the third finger was less seriously hurt. A. W. Penick is going out of the hotel business at Danville, and expects to return to his old trade of harness maker and locate in Utica where a shop is certainly needed.

Hurbaugh certainly has big furniture wagons, because they move very near every family in one load. 5-21dt

SOUVENIR CARDS CLOG THE MAILS AT CAMP

Canton, O., Aug. 17.—The little post-office of Strasburg has been swamped with mail since the arrival of the militiamen, and Canton has been called on to assist the regular force. It is estimated that fully 15,000 pieces of mail, mostly souvenir postal cards were sent out of the postoffice yesterday, and probably 5,000 being received for distribution.

Boys with immense sacks full of souvenir cards offering them for sale on the streets are the direct cause of Uncle Sam's big rush in the postal department.

MR. T. E. BRENNAN ADJUSTS BIG LOSS

FIRE CAUSED \$100 DAMAGE BUT WATER MADE A LOSS OF \$195,364.

Former Newark Man is a Successful Insurance Adjuster at Milwaukee, Wis.

An interesting account of what is declared by experienced fire insurance men to be the most remarkable loss in the history of insurance in this country, is given by T. E. Brennan, a former Newark man, who is now a fire adjuster, who recently returned to Milwaukee, Wis., from adjusting the loss in question.

On a Sunday, several weeks ago, a fire broke out in the large general store in Omaha, Neb., of Hayden Brothers, says a Milwaukee paper. The establishment was supplied with a patent automatic sprinkler system. Seventeen sprinklers were automatically opened by the heat from the fire in the closed store. While the fire loss was less than \$100, the damage from water aggregated \$195,364, which amount has been settled for the firm by Mr. Brennan. The capacity of each of the seventeen sprinklers opened by the fire was thirty gallons of water per minute, and before the trouble was discovered and the sprinklers shut off a total of 140,000 gallons had poured through the store, from the fifth floor to the basement, causing the heavy water loss. The result of this remarkable instance of automatic sprinkling was that the insurance companies throughout the country have inserted a new clause requiring owners of all buildings thus equipped to have a watchman on guard night and day to prevent a repetition of the Omaha \$195,000 water loss.

DELAWARE WOMAN USING OIL TO START A FIRE FATALITY BURNED.

Zanesville Man Killed by Cars—Bladensburg Wedding and Funeral.

Nearby Town News.

Columbus, Aug. 17.—John Taborn, who killed a man because he would not let him play a Jew's harp, has just celebrated the 37th anniversary of his servitude in the penitentiary by smoking a fragrant cigar. When he had finished the weed and carefully extinguished the stub, Taborn sighed, then shuffled off to resume the same dreary routine, for 37 years more, perhaps. In 1870 Taborn was received, from Delaware on a life sentence.

Bladensburg, Aug. 17.—Mr. Uriah Blue, who died at the home of his daughter, Mrs. Delbert Reed, three miles south of Bladensburg, Wednesday aged about 75 years, was buried today in New Guilford. The cause of the death was a complication of diseases. The deceased is survived by five children.

BLADENSBURG WEDDING.

Bladensburg, Aug. 17.—Mr. C. Howell and Mrs. Emma Edmiston, both of Bladensburg, were married Wednesday afternoon at the home of Mr. and Mrs. Douglas Wilson at Martinsburg by the Rev. Mr. Chapman of the Methodist church. They departed for Cleveland for their wedding trip. They will make their future home in Bladensburg.

USED COAL OIL.

Delaware, Aug. 17.—Mrs. Joseph Freeman, aged 30, wife of a farmer of Geona township, was fatally burned yesterday while lighting the kitchen fire with coal oil. The can exploded and then fire that followed partially destroyed the house and so badly burned Mrs. Freeman that she died last evening.

MAN GROUND TO PIECES.

Zanesville, Aug. 17.—Robert Atkinson, aged 40 was literally ground to pieces by stopping in front of a Cincinnati and Muskingum River Valley train yesterday afternoon. He was dead and dumb. Pieces of his body were picked up in a two bushel basket and carried to the undertaker.

PATIENT COMMITTS SUICIDE.

Marion, Aug. 17.—Ellis E. Steiner of Orville, aged 25 years and unmarried, a patient in the Sawyer sanitarium, committed suicide by hanging himself with a halter from the limb of a tree located at the east side of Marion cemetery.

LETTERS LEFT BY GUY JOHNSON

A FORMER NEWARK MAN WHO KILLED HIMSELF BECAUSE OF GRIEF.

Said He Could Not Live and Not Stain His Hands by Committing Murder.

Rather than stain his hands with the life blood of the man who, he claimed, wrecked his life and unable to bear the grief over the suicide of his sweetheart a little over a week ago, O. Guy Johnson, aged 27, a well known business man, took his own life at Marion, O., this week. Johnson was once a Newark resident and soldier. While here he drove a cab. His suicide was recently published in the Advocate.

His body was found by the police in his store, where he had turned on the gas and then drained a three-ounce bottle of carbolic acid. As he lay on his back on the floor the right hand clutched an open razor, to wield across his neck if necessary.

"I can't live any longer and not stain my hands in the blood of him who ruined my life," wrote the suicide in a letter to George W. Sells, a friend. "I want you to defend my darling's honor as you would your own. I can not stand the talk being circulated and to defend her would only cause bloodshed, as you know."

In a letter to his brother, who is in Chicago, Johnson wrote: "Charles Meily caused all this. So don't forget it. Keep Rex until he dies, as 'Peggy' and I loved him."

"Rex" was Johnson's dog. "Peggy" was the pet name of his sweetheart. Charles Meily, whom Johnson names in his letters as the one who ruined his life, is a leading business man and prominent in lodge circles of the state. In the fourth letter Johnson again refers to Meily, and pledges his friend, James E. Messenger, to whom the letter is written, to remember their "solemn obligation that I get justice."

Miss White was a beautiful little blonde. Johnson was a member of battery G of the Ohio light artillery, and saw service in the Spanish-American war. None of his letters throws any light on the mystery surrounding the suicide of his sweetheart. It has

developed, however, that on the day Miss White took her life she and Johnson quarreled over the attention paid her by Meily.

Several days after Miss White's death Johnson swore that he would kill Meily, and procured a revolver to do the work. He was disarmed and Meily appealed to the police for protection. Johnson gave the police the promise that he would not molest Meily.

GLOOM OR GINGER?

Both Are Found Lurking in Your Breakfast, Dinner and Supper.

Not many people realize that the easiest way to affect the brain is through the stomach. The most common illustration of this is the result of drinking whiskey or any intoxicating drink. The same is true as to any article of food.

And you have probably at times eaten something that lay like a lump of lead on your stomach. You can't forget how it makes you feel, groggy, uncomfortable and peevish. That's because everything that affects the stomach affects the brain! If your stomach feels good, you will.

But not everything will have an effect on the brain. Pie won't. Neither will grease or fat. That's because there is no nourishment in them, they simply create heat but no strength. They make the stomach work overtime, make you dreary and your brain foggy.

Nature has made the cereals to supply the brain and muscles of the world. The most intensely nourishing cereals are wheat and barley. By eating these you get the greatest amount of strength and blood-fibre it is possible to get from any other food in the world.

That's what Hardyfood is made of, wheat and malted barley. Every particle of indigestible material found in them is thrown out, and there is left nothing but the very life of the grain—the purest wheat and barley.

You can eat Hardyfood for breakfast, dinner or supper, or noonday luncheon, with cream and it will taste delicious.

Often you sit at table and don't know what you want. Just eat Hardyfood. It will satisfy that peculiar craving in your stomach, make you feel as though you had had a fulsome, delicious meal, and without any of the bad after effects. It will make your stomach feel fine, and you will smile and be good natured. That's the object. Smiles first with success.

Hardyfood builds brain, bone, brawn and nerve, because it contains the most nourishing foods in the world.

You can't get muscle from a tenderloin steak; you can't remember things any better by eating ham. These things make fat, all fat and no brain.

Hardyfood gives the maximum of nerve and brain force, and demands the minimum of digestion. You hardly need a stomach to digest it.

It will make you feel good all over. It is the life of the whole family.

Buy Hardyfood of any grocer for 10c a package.

NEWS BUDGET FROM JOHNSTOWN

NEW GAS AND SUPPLY COMPANY ELECTS OFFICERS AND GETS READY FOR BUSINESS.

Death of George Williams—Prof. Pace Locates in Illinois—Foster Reunion—Personals.

Johnstown, Aug. 17.—A meeting of the stockholders of the Johnstown Gas and Supply company was held here for the purpose of paying in the required ten per cent of their stock subscribed, and waiving the right to a 30 days' notice before an election could be held. The great interest taken by the people who subscribed to the stock is shown by the promptness in responding with the 10 per cent. Before the election held practically the whole of the 10 per cent had been paid in. There is no discount on the people of Johnstown; when they make up their minds to do anything they go into it with a determined effort to win. We have now every right to expect great good to be achieved by the company for the village.

At this meeting the election of officers took place, Dr. Burke being chairman and W. A. Alsford secretary. For directors, 23 names were presented, seven of which were to be elected. The final count showed the following elected to serve as directors for the company for one year: C. V. Armstrong, T. H. Ross, C. A. Burke, H. B. Rusler, W. A. Alsford, F. M. Preston and B. J. Mattingly. It is thought the board will be ready to complete the contract with Baker Brothers today or tomorrow.

Geo. Williams, an aged and respected citizen, passed away Wednesday after an illness of about one month from jaundice and dropsy.

Mr. Williams was born in Monroe township, March 26, 1832. He was a volunteer in the Civil war and served in the Kansas cavalry. The most of his life has been spent in Monroe township, the last 25 years on the farm where he died. He was an exceptionally large man, his weight preventing him from getting around must during his older days. His weight three weeks before his death was 300 pounds, and previous to that he was much heavier. He leaves one brother and two sisters, Tuller Williams and Mrs. Victoria Clarke of Johnstown, and Mrs. Jazzie Cole of Indiana, besides other relatives and friends to mourn his death. The funeral services were held Thursday afternoon at 2 o'clock and were under the auspices of the Masonic order of which he was a member.

The Ohio annual conference in which Johnstown is located will convene in Chillicothe, Sept. 7, and be presided over by one of the bishops of the church, C. C. McCabe, who has the power under the law of the church to assign all the effective ministers of the body, about 227, to charges for the coming year. The church here is unanimous and the community at large joins in the return of Dr. Lathrop and family to Johnstown for another year.

Prof. Maurice D. Pace has gone to Carroton, Ill., where he will take up his work for the coming year, as instructor in physics, chemistry and biology in the High school of that place. Mr. Pace is a Johnstown boy, a graduate of our High school and a graduate of Denison university.

Several friends and relatives of Mrs. Elizabeth Check assembled at the home of her son Jasper on Jersey street to celebrate her 83d birthday anniversary.

The annual reunion of the Foster family will be held in the Geo. Emerson grove near Concord Thursday, August 30.

The Johnstown friends of Prof. Karl O. Burre of Denison university, are pleased to note that he has been elected as assistant in physics in the university at Madison, Wis.

Akron, O., Aug. 17.—The examiners appointed by Judge Pardee to make an examination of the county treasury preparatory to turning over the office to U. G. High, the successor appointed to former county treasurer, Fred E. Smith, filed their report, which charges Smith with a shortage of \$755,385.74. This amount was found missing from the vaults of the treasury and could not be accounted for when the examiners took charge of the office. Prosecuting Attorney Haggisberger stated that a demand would be made on Smith for the amount reported to be short, and in the failure to turn over the funds at once criminal proceedings would be instituted immediately. Suits will also be commenced against the bonding company for the payment of the shortage.

BIG CROWD AT SOLDIERS REUNION

TWENTY-FIRST ANNUAL PICNIC HELD IN WICKHAM GROVE AT BLACK HAND.

Addresses by Governor Harris, Judge Brister and Others Much Enjoyed by Large Audience.

The twenty-first annual reunion of the soldiers and sailors of Licking and adjoining counties was held at Black Hand on Thursday, and like all former reunions at that place was a great success in every particular. Notwithstanding the threatening weather, rain falling at intervals during the morning, there was an enormous crowd of people in attendance, which was conservatively estimated to be between six and seven thousand people. The day was spent in social reunion among friends and neighbors, and in reunions by veterans of the Civil and Spanish-American wars, many of whom perhaps, met only this once in all the years to talk over the battles fought and victories won. Many a gallant comrade, too, was missed Thursday, who, since the last reunion, had passed over the great beyond.

At 10.30 o'clock the large assembly was called to order in front of the speaker's stand and the formal exercises of the day were commenced with an address of welcome by the chairman, Mr. P. M. Brill, who presided as chairman of the reunion throughout the day.

The exercises then opened with an invocation by Rev. Wm. Hutchinson, of Black Hand.

Comrade O. T. Knapp then followed with a brief and happy address, in which he gave some very interesting reminiscences of soldier life during the Civil war. Mr. Knapp served in the 126th O. V. I.

Addresses were also made by S. F. Robinson of Columbus, who served in the 26th O. V. I., and Rev. J. S. Wylie of Granville, of the First Iowa cavalry.

At this point in the proceedings an adjournment was had for dinner.

At 1 o'clock the crowd reassembled at the speaker's stand and Chairman Brill introduced as the first speaker Attorney Fred C. Rector of Columbus, who was followed by Hon. M. L. Smyser of Wooster and A. J. Andrews of Zanesville.

Governor Harris of Columbus, was the next speaker and delivered a very interesting and appropriate address.

Comrade William Holler read his parole and gave an interesting talk regarding his capture the second week after his enlistment.

Col. Curry of Columbus, gave a history of the title of the song "Hold the Fort," and illustrated the song by singing it through to the end, to the great enjoyment of the old veterans.

T. T. Smith an old comrade of Columbus, who served in the Platt Zouaves, and who is past commander of McCoy Post, G. A. R., of Columbus, and one of the "Old Guard," made a very telling address.

Judge E. M. P. Brister of Newark made one of the best speeches of his life. He reviewed the causes that led up to the Civil war and his speech throughout was in line with the hardships and privations endured by the old soldiers during the memorable conflict. It was, in fact, the speech of the occasion.

Miss Mellie Sheridan, of Somerset, niece of General Phil Sheridan, gave a recitation, which was enthusiastically received by the old soldiers.

To the splendid committee of arrangements is due the great success of the reunion. This committee was composed of Messrs. W. E. Cheek, Lloyd Simpson, Robert McFarland, Thomas Wickham, D. T. Francis and Chairman P. M. Brill.

Report says that Sant-Saens will visit America this coming winter.

MRS. BARNES IS NOT IN COLUMBUS

NEWARK DAUGHTER KNOWS LOCATION BUT SHE WILL NOT TELL.

Miss Barnes Says Mother Left Home Because of Alleged Ill-treatment of Husband.

Miss Frances Barnes when asked Friday morning about the location of her mother and sister, Miss Helen, politely declined to tell of their present whereabouts but took occasion to deny the report that they are in Columbus engaged in a restaurant. Miss Bertha said that her mother and sister are within the borders of the state, are being well cared for and she added that they do not expect to return to Newark.

A message from Columbus to the Advocate Thursday said that Conductor Frank Barnes was in the Capital city seeking the aid of the police in an effort to locate his wife and daughter who had left their home at 255 East Indiana street, last Friday. Mr. Barnes had been informed that they were in Columbus and was under the impression that they had secured employment in a restaurant.

Miss Frances Barnes, who is a bright and attractive young woman,

who has been attending the Newark High school, is now living at No. 70 East Church street, having concluded to leave home at the same time her mother and sister departed. Miss Helen Barnes, who is with her mother, is a milliner and has been employed in the J. W. Hansberger store.

Asked why Mrs. Barnes left home, the young woman said there was a reason but she did not care to discuss it further than to say that the trouble was on account of alleged ill-treatment on the part of the husband and father.

Miss Barnes says her mother said nothing to Mr. Barnes of her intention of leaving home, but that she concluded it best to go away and she did so without a scene, taking the younger daughter with her.

LIEUT. W. P. MYERS IS IN COMMAND

CAPT. HENRY IS ORDERED TO GO TO PORT CLINTON, OHIO, AT ONCE.

New Commander Will Soon be Elected by Newark Company, of the Fourth Regiment.

Captain George Henry of Company G, was in the city Friday completing arrangements to remove his family to Lacarne, O., near Port Clinton, where he will be in charge of the state rifle range. Captain Henry received orders to locate there at once and was relieved from camp duty for that purpose.

The command of Company G was given over to Lieutenant W. P. Myers while the company is in camp at Strasburg. It is understood that the election of a captain will not take place until the return of the company to this city.

Captain Henry has been located here for a number of years and has a large number of friends who, while appreciating his promotion, will be sorry to part with him. He is thoroughly competent in the department of work assigned to him, as is shown by his receiving the promotion.
